About Us

SBM Overseas is one of the most prominent names in the Turmeric market of Madhya Pradesh. The activities of the company consist mainly Turmeric trading, Turmeric commission agents, Turmeric processing and packaging. The company is one of the major suppliers to Indian exporters for the finest quality of Turmeric.

Turmeric – The Golden Spice

Turmeric is a perennial plant, which is found in the tropical regions of Southern Asia. We trade our turmeric in whole as well as powdered form, in accordance with need and demand from our clients.

We have best quality of Indian Turmeric sourced from all corners of India. Our turmeric is **polished and hand picked** to avoid contamination and to remove low-grade fingers.

We ensure that commodities of the highest quality are delivered to our customers. We understand the responsibility that comes with representing our country on the global scale and we take it very seriously.

Turmeric Fingers

The Turmeric, provided by us is 100% natural. It has a great taste, powerful anti-inflammatory effects, immunity boosting, and antioxidant properties. The most active ingredient in turmeric is Curcumin. Curcumin is known for protecting the body's cells and relieving pain. Turmeric is used for flavoring food, cosmetic, as dye in textile industries and also for medicinal purposes.

Black Turmeric

Black turmeric is a rare herb. It is the underground portion of the stem, or rhizome, of the *Cucurma caesia* plant.

Black turmeric offers benefits similar to the orange variety, but the darker cultivar contains higher concentrations of curcumin than any other *Curcuma* species.

Black Turmeric is a powerful antioxidant and anti-inflammatory. It has anti-bacterial and anti-fungal properties
